A faith-based 501(c) (3) non-profit corporation dedicated to helping 'High-risk' and 'High Potential' youth in the Sacramento region escape the violence, crime, and desperation found in their relationships and neighborhoods.

We offer help to parents and guardians by finding alternatives for children to keep them from getting into trouble!

Taught from those who learned the hard way... teach teens how to make the right choices.

Motto

"We stand in the gap for the youth of the Sacramento region."
